Alexia Phillips

Miscellaneous

All Broken Hearted

You came into my life all broken hearted  
And that's the way this whole thing started  
You told me how she left you all alone  
And now I'm asking you  
Why you're letting me go

Chorus:

Don't come back to me  
All broken hearted  
'Cause I don't wanna live  
With all this heartache  
So don't come back to me  
'Cause boy the way I feel  
I just won't let you go  
(I love you so)

I made you smile when you felt sad inside  
I took my time and held you through the night  
Now that you're standing on your feet again  
Someone will break your heart  
And this is what I'll say

Chorus (1x)

You stole my heart  
You took it apart day by day  
Each and everyday  
I told myself  
I won't let it happen again

Chorus (2x)
