

Alexia, Uh La La La (Almighty Edit)

I got your love, you got my mind
Can take my hands but you won't take my life
Don't waste my time, bring me your love
Bring me your love, baby you can be mine

Uh la la la, uh la la la la

...

Uh la la la, I love you baby

...

I got your love, you got my mind
Don't waste my time, you can be mine

I never wanted this to happen to me
Your love is right and I will always be there

Uh la la la, I love you baby

...

You got to be a friend, got to be right
Don't bring me down, don't say goodbye

I never wanted this to happen to me
Your love is right and I will always be there

Uh la la la, I love you baby

...

I got your love, you got my mind
Can take my hands but you won't take my life
Don't waste my time, bring me your love
Bring me your love, baby you can be mine

I never wanted this to happen to me
Your love is right and I will always be there

Uh la la la, I love you baby
