

# Alice Cooper, Caught In A Dream

Well, I'm runnin' through the world with a gun in my back  
Tryin' to catch a ride in a Cadillac  
Thought that I was livin' but you can't really tell  
Been tryin' to get away from that success smell  
You know, I need a houseboat and I need a plane  
I need a butler and a trip to Spain  
I need everything the world owes me  
I tell that to myself and I agree

I'm caught in a dream, so what  
You don't know what I'm goin' through  
I'm right in between, so I'll  
I'll just play along with you

Well I'm runnin' through the world with a gun in my back  
Tryin' to catch a ride in that Cadillac  
Thought I was livin' but you can't never tell  
What I thought was heaven turned out to be hell

Whoa-whoa  
When you see me with a smile on my face  
Whoa-whoa  
Then you'll know I'm a mental case  
Whoa-whoa  
Whoa-whoa  
Whoa-whoa

I'm caught in a dream, so what  
I don't know what I'm going through  
I'm right in between, so I'll  
I'll just play along with you
