

Alice Cooper, I Am Alive

I was just kicking down the street
And the sun was in my eyes
So I couldnt see the truck
That was sixty times my size
And just seconds off from splattering me
Let me tell you
I was so scared I couldnt move
Like my boots were full of glue
Then I felt a little tug
And I thought of good Old Blue
And he pulled me from that catastrophe
That was the day
My dead pet returned to save my life
Im alive
Hes alive
Im alive
I was spitting in the canyon
Near the cliff up on the mountain
When an unexpected sneeze
Hung me in the breeze
At forty five degrees in the sky
Suddenly I felt something
Had me by the belt
And in between my praying
Swore I heard a stallion neighing
Was the ghost of my horse
And I cried, yes I cried
That was the day
My dead pet returned to save my life
That was the day
My dead pet returned to save my life
Im alive
Hes alive
Hey, Im alive
Things were getting gory
Got caught on territory
Belonging to the Crutches
In an alley in their clutches
Looking kind of dismal that night
Well the leaders name was Fats
Swinging broken baseball bats
Things got really frantic
Starting jumping in their panic
Hallucinating billions of rats
Lots of rats
That was the day
My dead pet returned to save my life
That was the day
My dead pet returned to save my life
Im alive, Im alive, real alive
That was the day my dead pet returned
That was the day my dead pet returned
That was the day my dead pet returned
That was the day my dead pet returned
To save my life
Im alive, Im alive
Hes alive, hes alive, hes alive
Im alive, yeah
Hes alive, hes alive
Im alive, real alive
Alive, alive, alive
Alive, alive, alive, alive
Alive, alive, alive, alive
Im alive
