

Alice Cooper, Model Citizen

Be an Arab
Be a Jew
Be a boxing
Kangaroo
Beat yourself
All black and blue
I don't care

Be a bleeder
Be a Cancer
A hemophiliac
Romancer
Be a crippled disco
Dancer
Oooh... What a pair

He's a model citizen
I think I've got them fooled them again
He's an ultra-sweetie guy
And a master of disguise
He's a model citizen
Just keep believing that my friends
I'm a model citizen

I'm a model citizen
I'm a model citizen
I'm a model citizen
I'm an all American!!!

I'm a hostage
In a city of creeps
They've got mercenary guards
That watch me sleep
They'd like to kill me slow
Bury me deep
In the heart of Texas
I'm a martyr
I'm a sadist
I might be the Saviour here to save us
I'm a friend of Sammy Davis, casually

He's a model citizen
I think I've got them fooled again
He's an ultra-sweetie guy
I won't let down my disguise
He's a model citizen
Just keep believing that my friends
I'm a model citizen

I'm a model citizen
I'm a model citizen
I'm a model citizen
I'm an all American

I'm a model citizen
I'm a model citizen
I'm a model citizen
I'm an all American
