Alice Cooper, Nobody Likes Me (Freak Out)

Nobody likes me It's all my fault Nobody likes me Nobody likes me

Oh yes we all like you We like you a lot Yes we all like you Yes we all like you

I never get a letter We have no time Never ever get a call from you I have no dime

Oh yes you do Oh no we don't [x3] Yes! No! Yes! No! [etc.]

Never call, never write Yes I do always try Make me cry all the night Sorry I made you cry Make me sad, Make me mad Tell me true, what can I do?

Way too late can't cant make up All the late has built up Ha ha ha ha aaah

Right we all like you We like you a lot We like all your family We like your dog Spot Even Spot? Yes
