

# Alice Cooper, Sun Arise

Sun arise come every mornin'  
Sun arise come every mornin'  
Sun arise come every mornin'  
Bringin' back the warmth to the ground

Sun arise fillin' up the hollow  
Sun arise fillin' up the hollow  
Sun arise fillin' up the hollow  
Bringin' back the warmth to the ground

Sun arise, she come every mornin'  
Sun arise, each and every day  
Sun arise, she come every mornin'  
Sun arise  
Every, every, every, every

She drive away the darkness everyday  
She drive away the darkness everyday  
She drive away your darkness everyday  
Bringin' back the warmth to the ground

Sun arise...  
Whoa-oh-oh...  
Every, every, every, every...
