## Alice Cooper, You Make Me Wanna

Youre the star Youre the face

You got the look that I cant erase

You look the world right in the eye

Stare em down baby, make em cry

Well I know it dont make much sense

Im in love with your innocence

What you got what I need

You took my breath

Now let me breathe

What you got what I need

I follow where you lead

You make me wanna

Woo-hoo-hoo

Yeah, you know you make me wanna

Woo-hoo-hoo

Oh, you make me wanna

Woo-hoo-hoo

Yeah, I think I gotta

Woo-hoo-hoo

Youre the bomb

Im the fuse

Light me up and turn me loose

You shake me up when you walk by

My heart is beatin and my mouth is dry

Well I know it dont make much sense

But Im in love with your innocence

What you got what I need

You took my breath

Now let me breathe

What you got what I need

I follow where you lead

You make me wanna

Woo-hoo-hoo

You know you make me wanna

Woo-hoo-hoo

Oh, you make me wanna

Woo-hoo-hoo

Yeah, I think I gotta

Woo-hoo-hoo

Woo-hoo-hoo

Woo-hoo-hoo

Woo-hoo-hoo

Woo-hoo-hoo

What you got what I need

You took my breath

Now let me breathe

What you got what I need

I follow where you lead

You make me wanna

Woo-hoo-hoo

You know you make me wanna

Woo-hoo-hoo

Oh, you make me wanna

Woo-hoo-hoo

What you got

Woo-hoo-hoo

Oh, I got to

Woo-hoo-hoo

What you got

Yeah yeah yeah

Woo-hoo-hoo

What you got

What you got

Woo-hoo-hoo Woo-hoo-hoo
