

Alice Merton, Charlie Brown

Small kid in a small town
Lived with his head down
Good luck never came his way
Tragic in the making
A heart full of aching
Those thoughts never went away

And when all you've known is your own four walls and they get so close and it hurts cause you're s

So he kept running ah running ah running ah running away

Charlie Brown
Hold tight we're moving on
Keep that dream just a little bit longer
Hold tight, we're moving on, keep that dream just a little bit longer

Charlie Brown
Hold tight we're moving on
Keep that dream just a little bit longer
Hold tight, we're moving on, keep that dream just a little bit longer

Clean shave and a tie on
He's taking a ride on
A bus through town in a far off land
Still stuck in the dirt
There was nothing but hurt
Too bad that clothes don't make a man
And you hold out hope
That you might belong Charlie Brown

Charlie Brown
Hold tight we're moving on
Keep that dream just a little bit longer
Hold tight, we're moving on, keep that dream just a little bit longer
Charlie Brown
Hold tight we're moving on
Keep that dream just a little bit longer
Hold tight, we're moving on, keep that dream just a little bit longer

Hold tight, we're moving on, keep that dream just a little bit longer..ohh
Hold tight, we're moving on, keep that dream just a little bit longer..ohh

he kept running away...ohh

Hold tight we're moving on
Keep that dream just a little bit longer
Hold tight, we're moving on, keep that dream just a little bit longer
Charlie Brown
