

Alice Merton, Hit the Ground Running

hit the ground
hit the ground running

it's oneway street
with an open end
way lies ahead

but I always knew
that this was it
the sign were lit
I always knew

I'm gonna hit the ground running
hit the ground running
only waiting for the marching drum
I'll be ready when the morning comes

I'm an overdrive
go to play offens
and I won't look back
there be no regrets

I keep my head up
even if I;m getting closer
I Inow /2x

I'm gonna hit the ground running
hit the ground running
only waiting for the marching drum
I'll be ready when the morning comes

I'll be ready when the morning comes
only waiting for the marching drum
I'll be ready when the morning comes

I'm an overdrive
go to play offens
and I won't look back
there be no regrets

I keep my head up
even if I;m getting closer
I Inow /2x

I'm gonna hit the ground running
hit the ground running
only waiting for the marching drum
I'll be ready when the morning comes
