Alice Merton, Hit the Ground Running

hit the ground hit the ground running

it's oneway street with an open end way lies ahead

but I always knew that this was it the sign were lit I always knew

I'm gonna hit the ground running hit the ground running only waiting for the marching drum I'll be ready when the morning comes

I'm an overdrive go to play offens and I won't look back there be no regrets

I keep my head up even if I;m getting closer I lnow /2x

I'm gonna hit the ground running hit the ground running only waiting for the marching drum I'll be ready when the morning comes

I'll be ready when the morning comes only waiting for the marching drum I'll be ready when the morning comes

I'm an overdrive go to play offens and I won't look back there be no regrets

I keep my head up even if I;m getting closer I lnow /2x

I'm gonna hit the ground running hit the ground running only waiting for the marching drum I'll be ready when the morning comes
