

Alicia Keys, Butterflies

Lately when I look into your eyes
Baby I fly, you're the only one I need in my life
Baby, I just don't know how to describe
How lovely you make me feel inside
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
It seems like the likely thing
From the start you told me, I would be your queen
But never had I imagined such a feeling
Joy is what you bring, I wanna give you everything
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
You and I are destiny
I know that you were made for me
I can't control it, it driven me
It's taken over me and I
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
You give me butterflies
Have me flyin' so high in the sky
I can't control, I can't control it
You give me butterflies
Have me flyin' so high in the sky
I can't control the butterflies
You give me something I just cant deny
Something that's so free
I just can't control the way I feel
And I don't want to be
You give me something I just can't deny
Something that's so free
I just can't control the way I feel
Oh, I never felt like this
