

# Alicia Keys, City of Gods (Part II)

New York City  
Please go easy on me tonight  
New York City  
Please go easy on this heart of mine  
I am losing my lover  
To the arms of another  
New York City  
Please go easy on me tonight

City Of Gods  
City Of Dreams  
City with nothing  
Except for what it seems  
They'll never take you  
Away for me  
Because I see nothing  
But a vanity

And I  
I will love you  
Wherever you are  
I be wishing  
Wishing on every star  
I believe  
Believe that your never far  
I'm begging you

New York City  
Please go easy on me tonight  
New York City  
Please go easy on this heart of mine  
I am losing my lover  
To the arms of another  
New York City  
Please go easy on me

Does it ever get easy  
Does it ever start  
Does it always end  
With a broken heart  
Will you ever see me  
For all that I am  
Have you already given  
All that you can  
I'm begging you

New York City  
Please go easy on me tonight  
I'm begging you  
New York City  
Please go easy on this heart of mine  
I am losing my lover  
To the arms of another  
New York City  
Please go easy on me

Don't leave me  
Go easy  
Go easy  
Go easy  
Don't leave me  
Go easy  
Go easy  
Go easy

Don't leave me

Go easy

Go easy

Go easy

New York City

Please go easy on me

I'm begging you
