

# Alicia Keys, Pink Tea

On bright days, make sundaes!  
And tea time, is always  
In short time with sunlight  
We're gunna wait  
To drink a cup of lots of love  
We'll hopefully earase all the doubts  
And you would be my dear  
And I will drink a lonely...  
Spring is here  
And we're in full swing  
Spring is here  
And we're in full swing  
Now bounce for fake showers  
And wash away drought spouters  
Don't corrup slide tweleve feet  
Stir the potient and get me high  
So we stir and we stir  
And mix a drink I'll leave so pure  
Recoups of gain represent  
A short but sweet relations...  
Spring is here  
And we're in full swing  
Spring is here  
And we're in full swing [2X]  
So we stir and we stir  
And mix a drink I'll leave so pure  
Recoups of gain represent  
A short but sweet relations...  
Spring is here  
And we're in full swing  
Spring is here  
And we're in full swing [2X]
