## Alicia Keys, Rear View Mirror

Uh Yeah A Kevs Rear View Uh Oh Uh Oh Uh Oh Uh Oh AK 2000 Oh Uh Oh

It happened quickly All of a sudden I was caught up with another man Who wanted To be closer But now I know better and I'm Hoping We Can Start Again

I know that there's nothing for me what I have done So

Let me show how deep my love goes

For you

Cos you'll really live and learn and that's how you find out who is true And I found out that you were the one

I was deceived Baby please forgive me Don't know what we had to change It's easier for us to get further Don't look in the rear view mirror

Now that we are Back again together I want to show you How I'm made from heaven I'll do my best to shower You with a bit of 'tention Don't ever have to mention This song if it ends

I know that there's nothing for me what I have done

Let me show how deep my love goes

For you

Cuz you'll really live and learn and that's how you find out who is true And I found out that you were the one

I was deceived Baby please forgive me Don't know what we had to change It's easier for us to get further Don't look in the rear view mirror

I can't change what I had done before But now I know that you love me so much more Than anything that had ever come my way Keep your eyes on what we have today

I was deceived Baby please forgive me Don't know what we had to change It's easier for us to get further Don't look in the rear view mirror

I was deceived
Baby please forgive me
Don't know what we had to change
It's easier for us to get further
Don't look in the rear view mirror

I was deceived
Baby please forgive me
Don't know what we had to change
It's easier for us to get further
Don't look in the rear view mirror

We can get best of this Don't have to go so fast We can get rid of them in the rear view mirror

I was deceived
Baby please forgive me
Don't know what we had to change
It's easier for us to get further
Don't look in the rear view mirror
