Alicia Keys, Troubles

Yeah, yeah (Dear Lord, I cant take no more This pain in my heart That just bothers me Day by day and at night The stars feel like A shadow through my wall Oh my goodness) Feel like the world Is closing on me Feel like my dreams Will never come to be I keep on slippin' Deeper into myself And I'm scared (So scared)

CHORUS:

If you're troubled
You just gotta let it go
And if you're worried baby
You just gotta let it go
All the hustles
Safe for nothing
You just gotta take it slow
And you me leave baby
All you do is let me know

How does it feel
That my mind is
Constantly trying
To pull me down?
I can't seem to get no way
Continuous mistakes
I know I made before
How long will I feel so?

Repeat chorus

Ya, can't stop, umm

Repeat chorus thrice
