

# Alien Ant Farm, Solution Time

Poem boy failure, be what you know  
Keep us in line, with a vicious blow  
Now this is future, predictable slow  
Love you can be, even though  
Can't do wrong, can't do right  
Solution Time, can't be on your own  
Solution Time, like the incredible  
Forum girl nature, free this kites string  
And it will bring something wrong  
And every wasted ride, you treat me wrong  
Carmen seem wrong, in the way  
Can't do wrong, can't do right  
Solution Time, can't be on your own  
Solution Time, like the incredible (Repeat)  
You know rhythm grated rhythm (Repeat)  
Solution Time, can't be on your own  
Solution Time, like the incredible (Repeat)
