

Alison Krauss & Robert Plant, Light of Christmas

Snow falling right on time
Another church bells chime
And we're only hours away
From the light of Christmas Day

The ... so sweet and clear
Somehow we made it here
The faithful ... so straight
From the light of Christmas Day

Let the children sing and shout
Let's the silver bells ring out
As a long night fade to gray
Into the light of Christmas Day

For those, who're standing here
To watch the darkness disappear
We've come to hear the angels play
Into the light of Christmas Day

Let the children sing and shout
Let's the silver bells ring out
As a long night fade to gray
Into the light of Christmas Day
