

All Together Separate, I Won't Slow Down

I won't slow down, ain't gonna let nobody turn me 'round
I won't back down, I'll fight face to face to my last breath
But I won't slow down
Day after day, temptation comes around my way
Week after week, it's almost like she's speaking
Nobody's watching, you're only human
Well' she gives a little but she takes
A lot and I just bought the lie
Why do I do the things I don't want to?
And go against what I know to be true
Forgive me now like only You can do
And I'll run to You and I
Week after week, I'm listening to the words You speak
Day after day, it's almost like her singing
I know you're watching, so who am I fooling?
I'm just a little but You give a lot, so I keep wondering
Why, why do I do the things I don't want to?
And go against what I know to be true
Lord, forgive me now like only You can do
And I'll run to You and I
I won't slow down
I'll keep on running
Running right into Your open arms
'Cause I can see You here
