

# All Together Separate, I Won't Slow Down

I won't slow down, ain't gonna let nobody turn me 'round  
I won't back down, I'll fight face to face to my last breath  
But I won't slow down  
Day after day, temptation comes around my way  
Week after week, it's almost like she's speaking  
Nobody's watching, you're only human  
Well' she gives a little but she takes  
A lot and I just bought the lie  
Why do I do the things I don't want to?  
And go against what I know to be true  
Forgive me now like only You can do  
And I'll run to You and I  
Week after week, I'm listening to the words You speak  
Day after day, it's almost like her singing  
I know you're watching, so who am I fooling?  
I'm just a little but You give a lot, so I keep wondering  
Why, why do I do the things I don't want to?  
And go against what I know to be true  
Lord, forgive me now like only You can do  
And I'll run to You and I  
I won't slow down  
I'll keep on running  
Running right into Your open arms  
'Cause I can see You here
