

All Together Seperate, Camouflage Soul

All Together Seperate

All Together Seperate

Camouflage Soul

Another chance has come and gone

And I allowed my faith to fade into the background

How can I claim to be like your Son

And keep hanging on to what I know

He died to free me from?

I'm tired of blending in

I'm tired of being one of the crowd

While everyone knows my name

Nobody knows my God

Chorus:

I don't want to be another camouflage soul

'cuz I've been that way too long

I don't want to be another camouflage soul

I finally realize the danger in sitting on the sidelines

Conformity is failure

I have the disguise to look the part

But I don't want to wear Your cross around my neck

And not have Your peace in my heart

I'm tired of blending in

I'm tired of being one of the crowd

While everyone knows my name

Nobody knows my God

I've got a change of heart

And I won't change my mind

I'm ready for a brand new start

Now I've got to change my life
