

Allure, Never Let You Go

I just wanna let you know
So I wrote this song to show you
There is nothing I won't do
And I would catch the brightest star
To carry me straight to where you are
If that's what it takes, I'll do it for you baby
I will never let you go
Even if they tore us apart
I will pull you close and hold
On to you with all my heart
I will never let you go
And if you're afraid, you've gotta believe
I will move the mountain
And make them crumble into the sea
And if the world should ever end
I know somehow, I'll find you again my baby
There's a bound that can't be broken
And if you were make believe
But reality it don't want me
It don't matter 'cuz I will always be there for you
I will never let you go
Even if they tore us apart
I will pull you close and hold
On to you with all my heart
I will never let you go
And if you're afraid you've gotta believe
I will move the mountain
And make them crumble into the sea
You don't have to worry if I would ever leave
I'd be down for you forever
I roll up my sleeve
My love is all I have
And I would give it all to you
To let you know my love is true
And if the world should ever end
I know somehow I'll find you again my baby
There's a bound that can't be broken
And if you were make believe
But reality it don't want me
It don't matter 'cuz I will always be there for you
