What Is Love?

Caught between two love affairs  
I brush my teeth and comb my hair  
My lonely neighbour called today  
And asked me, has he gone away

I lied to her like I lied to him  
I lie to myself about everything

Love, what is love?  
Love, what is love?

Love is a time  
Love is a place  
Love is a season  
Love is a case of love

Love is a time  
Love is a place  
Love is a season  
Love is a case of love

And so my life repeats itself  
Like rhythms in a drum machine  
The one who was the one to come  
And all of those who might have been

I cry for them like I cry for him  
I cry to myself about everything

Love, what is love?  
Love, what is love?

Love is a fever  
Love is a dream  
Sometimes so hard, it can make you scream  
Love is a liar  
Love can be cruel  
Love is an icon, love is a jewel

They let you down  
They leave you standing in the rain  
They take the joy and leave the pain

Caught between two love affairs  
Is it true that no one really cares  
My lonely neighbour leaves today  
And no one comes to take her place  
I lied to her like I lied to him  
Now they're gone can I lie about anything  
What is love?  
Love, what is love? Love, what is love? Love, what is love?
