

# Aloe Blacc, Loving You Is Killing Me

Loving you is killing me  
When you know it should be thrilling me  
Loving you is choking me slowly  
When I'm with you I still feel really lonely  
Loving you is busting me  
You don't ever put your trust in me  
Loving you should mean that I'm your king  
You don't make me feel like anything

Now I never knew you'd be so evil  
(How did you get to be so evil girl)  
And you're telling me I was bad to you  
(Well you don't know what you talking 'bout girl)  
Hear me when I say  
(You can't - just do - whatever you - want)  
You can't just do whatever you want girl

Loving you is killing me  
When it really should fulfill me  
Loving you is aching me sadly  
When I know it should be making me happy  
Loving you is like a twisted game  
Where the only thing I win is pain  
Loving you is hurting me  
Every word you say you murder me

Stop children what's that sound  
Look at my heart all over the ground  
Stop children what do you see  
Why you keep shooting at me

Now I never knew you'd be so evil  
(How did you get to be so evil girl)  
Now you're telling me that I'm bad to you  
(Well you don't know what you talking 'bout girl)  
Hear me when I say  
(You can't - just do - whatever you - want)  
You can't just do whatever you want girl

Oooh  
Loving you is killing me, is killing me  
Oooh  
Loving you is killing me, is killing me

Loving you is killing me  
When you know it should be building me  
Loving you is holding me back  
Why the hell you make me feel like that  
Loving you ain't worth all the suffering  
In return you never give me nothing  
Here's the news about loving you  
Well it's something that I used to do

Now I never knew you'd be so cold  
(How did you get to be so evil girl)  
Now you're telling people I was bad to you  
(Well you don't know what you talking 'bout girl)  
Hear me when I say  
(You can't - just do - whatever you - want)  
You can't just do whatever you want girl
