Margaret i Alvaro Soler prezentują piosenkę "Hot Like Summer AGP" (premiera 12 stycznia 2024 r)

We're burning through the rubber  
Nowhere we need to go, got nothin' down the road ahead  
Won't confuse me for another  
Save it for the night, you don't even know me, yeah

The air is getting cooler, low lights they don't suit ya  
Bring our bodies closer, we can burn the future  
Devil by the ocean, to hell with these emotions  
Don't care what I'm to ya

No one knows about us  
Porsche Panamera, roll without the pressure  
How could I forget ya? (Ah)  
Know that ever since I met ya  
It's been hot like summer, weather (Ah)  
Porsche Panamera, fuck living forever  
How could I forget ya? (Ah)  
Know that ever since I met ya  
It's been hot like summer

Yeah, yeah, yeah  
Yeah, yeah

Yeah, nunca olvidaré  
Cuando estuvimos dando la vuelta al mundo, tú y yo  
Qué bonito ver parte de tu pasado, aunque en pasado quedó  
Uh, contigo me abra todo, eso no me da miedo  
Acelerando el fondo, se va rompiendo el hierro  
Porque cuando me miras, de todo se me olvida, yeah

No one knows about us  
Porsche Panamera, roll without the pressure  
How could I forget ya? (Ah)  
Know that ever since I met ya  
It's been hot like summer, weather (Ah)  
Porsche Panamera, fuck living forever  
How could I forget ya? (Ah)  
Know that ever since I met ya  
It's been hot like summer

Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah

You and me, we're smoking up  
California in my lungs  
So roll the tinted windows up, we're headed for this restaurant  
Where paparazzi wait for us

No one knows about us  
Porsche Panamera, roll without the pressure  
How could I forget ya? (Ah)  
Know that ever since I met ya  
It's been hot like summer, weather (Ah)  
Porsche Panamera, fuck living forever  
How could I forget ya? (Ah)  
Know that ever since I met ya  
It's been hot like summer

Yeah, yeah, yeah (Hot like, hot like summer)  
Yeah, yeah, yeah (Yeah, yeah, hot like summer, yeah)

Yeah, yeah, yeah (Yeah, yeah, hot summer)  
Yeah, yeah, yeah
