

# Alvin Lee, Wake Up Moma

Wake up, Moma, chase my blues away  
I said, wake up Moma, take my blues away  
It's 2 o'clock in the morning  
And I've had a busy day  
I said wake up baby, I need a little company  
Wake up baby, just need some company  
The blues got me so bad, I'm in misery  
I said, wake up Moma  
Wake up baby, before the night is gone  
I said, wake up baby, before the night is gone  
You're a real good woman  
But you sleep too long  
Wake up Moma, time to rise and shine  
Wake up Moma, know it's time to rise and shine  
You make love so good to me, baby  
Make me feel so fine  
Wake up baby
