

Amadeus, The Secret

Look the sun is rising
Now is the time we gotta find it
Let our heart lead us
The secret of our souls
Is hidden there inside
The Dragon's cave speaks our names
The final endeavor calls us
Let our heart take us there
The secret of our souls
Is hidden there inside
There inside...
Our destiny
A storm comes along
It's gonna wash our fears away
Let our heart lead us
The secret of our souls
Is hidden there in...
Let our heart lead us
The secret of our souls
It's now revealed
We can go back home
