

# Amazulu, Moonlight Romance

Hi yi yi yi yi yi yi yi yi yi yi yi  
Hi ya  
Hi yi yi hi yi yi hi yi yi hi yi yi  
Hi ya

When we're together the lights start to glimmer  
Others move right out of view  
With your soft and tender arms around me  
We're staying cool, 'cause we are no fools

Got so much love  
(So much love)  
Got so much love

Order a drink, 'cause the last one's bound to finish  
Moonlight romance, nights to remember  
Wish we could dance 'til the sun comes up to greet us  
Nothing's as good as two hearts together

Got so much love  
(So much love)  
Got so much love  
(So much love)  
Got so much love for you  
And I know it's gonna last

Well, this is moonlight romance  
And it feels good to me  
(Moonlight romance)  
In your arms I want to be  
(Moonlight romance)  
I'm feeling so tender  
(Moonlight romance)  
A night to remember

Hi yi yi yi yi yi yi yi yi yi yi yi  
Hi ya

Hi ya

In the sweet moonlight of romance  
In the sweet moonlight of romance  
In the sweet moonlight of romance  
In the sweet moonlight

Take my arm as I call us a taxi  
As we reach home, a new days begins  
Come inside, there's a feeling deep within me  
The remedy is you next to me

Got so much love  
(So much love)  
Got so much love  
(So much love)  
Got so much love  
(So much love)  
Got so much love for you  
And I know it's gonna last  
Got so much love for you  
And I know it's gonna last  
Got so much love for you  
And I know it's gonna last  
Got so much love for you  
And I know it's gonna last

Got so much love for you  
And I know it's gonna last.
