

Amber, He

If I'm small and scared
He makes me hope again
He can comfort me
As nobody else can
He knows the words
He can comfort me
He can see me through
When nobody knows me
When nobody knows me

He sees
He loves
He feels
He heals
He knows
He shields
He loves me
He loves, loves, loves me

He sees
He loves
He feels
He heals
HE knows
He shields
He loves me yeah
He loves me yeah
Oh

The time stands still
When he embraces me
No questions, no blame
His love warms me, yeah
He knows the words
He can comfort me
He can see me through
When nobody knows me
Nobody knows me

He sees
He loves
He feels
He heals
He knows
He shields
He loves me
He loves, loves, loves me

He sees
He loves
He feels
He heals
HE knows
He shields
He loves me yeah
He loves me yeah
Oh
