

Amber Mark, Turnin' Pages

Why you tryna to tell me I should wait up?
Tryna get it right away, got no time to ache love
I don't need nobody better
Me, myself, and I

I never saw your message, so I made it up
No time
Movin' on and out, I'm not too patient
Oh, I know my body better
The curves and lines

Oh, I don't wait too long
Turn all of the lights off
Push until I move on
Like turnin' pages

No, I don't wait too long
Turn all of the lights off
Push until I move on
Like turnin' pages

Turn them pages,
turn them, turn them pages Yeah
Turn them pages,
turn them, turn them pages Got me turnin', turnin'
Turn them pages,
turn them, turn them pages
Turn them pages,
turn them, turn them pages Like turnin' pages

Turn them pages,
turn them, turn them pages Just like turnin' pages
Turn them pages,
turn them, turn them pages
Turn them pages,
turn them, turn them pages Just like turnin' pages
Turn them pages,
turn them Like turnin' pages

Slowly breathing
Turnin' pages
Pages
Slowly breathing
Turnin' pages
Pages

Oh, I don't wait too long Too long
Turn all of the lights off Turn all of 'em off, now
Push until I move on
Like turnin' pages

No, I don't wait too long
Turn all of the lights off Turn 'em all off, now
Push until I move on
Like turnin' pages

Oh, I don't wait too long
Turn all of the lights off
Push until I move on
Like turnin' pages

No, I don't wait too long
Turn all of the lights off
Push until I move on
