

Amberian Dawn, Agonizing Night

(Verse)

Fly till the night pulls out my souls laying mind
Like a recline, your mind infuses my favor to chose it
Don't give up, don't give up!
Leave up your mind!

(Chorus)

Your heart is danger, your journey's to maybe
Oh, this agonizing night
Your heart is danger, your journey's to maybe
Oh, this agonizing night

(Verse)

In ancient memories freedom came to your memory
Your heart is frosting, even if you're spaded
You got to stop blending; it's your will, it's your life
Leave up your life!

(Chorus)

Your heart is danger, your journey's to maybe
Oh, this agonizing night
Your heart is danger, your journey's to maybe
Oh, this agonizing night
