

America, Can't Fall Asleep To A Lullaby

It's late at night, I'm all alone
I call you up, hear your voice on the phone
Say that you're mine, tell me it's true
Say that my love, is still right for you

'Cause I can't fall asleep to a lullaby
And I miss you so much I don't wanna cry, you are why
I love you, oo-oo-oo, you don't know

Here I am, part of the crowd
Need you so bad, I'm dreamin' out loud
Say that you're mine, tell me it's true
Say that my love, is still right for you

'Cause I can't fall asleep to a lullaby
And I miss you so much I don't wanna cry, you are why
I love you, oo-oo-oo, you don't know

It's late at night, and I'm all alone
So I call you up, to hear your voice on the phone
Sayin' your mine, sayin' it's true
Please say my love, is still right for you

'Cause I can't fall asleep to a lullaby
And I miss you so much I don't wanna cry, you are why
I love you, oo-oo-oo, you don't know
