

American Juniors, Can't Fight The Moonlight-Mer

Under a lovin sky gonna be with you
and no ones gonna be around
and if u think that u would fall
well just wait untill till, the sun goes down

underneath the starlight, starlight
theres a magical feeling so right
it will steal ur heart tonight

u can try to resist
try to hide from my kiss
but u know but u know that u
cant fight the moonlight deep
in the dark youll surrender ur heart
but u know but u know that u
cant fight the moonlight nooooooooooooo
you cant fight it
u can tryyyyyyyyyyyyyy-iii
but u know that u cant fight the moonlight nooooooooooooooooo
you cant fight it,
its gonna get to ur heart
