Amerie, All I Need

[INTRO]
In my heart, you're all I need
You are all I need
Need...need...need...need

I feel like you're the only one (Need)
I feel what pain it kept me from (Need)
I feel so different from the way I used to be (Need)
Soul searchin' always my excuse (Need)
Didn't wanna face love, didn't know the truth (Need)
So clear to me now, babe (You are all I need)
'Cuz in my heart

[CHORUS 2x]
In my heart you're all I need
(You're all I need, you're all I need)
You are all I need

You're all that I (Need...Need...Need) I've never...never felt like this

[VERSE 2] I feel like you're the only one (Need) I feel this loneliness undone (Need)

And I just can't see myself without me in your arms (In your arms) (Need)
If I had one last sunset to see (See)
One day, one last deep breath to breathe

No tears would fall knowing that you're (You are all I need) All I need

[CHORUS 8x] In my heart you're all I need (You're all I need, you're all I need) You are all I need

You're everything I need I never thought...Never thought I'd feel like I do

Need...Need...Need...Need Need...Need...Need

[CHORUS OUT]
In my heart you're all I need
(You're all I need, you're all I need)
You are all I need

Everything I need What you've given me, all I need Stay right here with me
