

# Amila Zazu, Kiss

I hear your voice around  
I kiss you in my mind  
cause kissing you is all I think about  
I need no talks no words  
just kisses on my mouth  
only kissing makes my feelings grow  
read my lips and then  
quickly put a kiss on them  
cause only kiss can make my spirit flow  
Ill give myself to you  
and you exactly know  
just kiss me now its all Im waiting for
