Amos Tori
Boys For Pele
Marianne
tuna
rubber
a little blubber in my igloo
and I knew you pigtails and all
girls when they fall
and they said Marianne killed herself
and I said not a chance
don't you love the girls ladies babes
old babs who say she was so pretty why
why why why did she crawl down in the old
deep ravine

c'mon pigtails girls and all those sailors get your bags and hold down won't you just hold down cause Ed is watching my every sound I said they're watching my every sound

the weasel squeaks faster than a seven day week I said Timmy and that purple Monkey are all down

at Bobby's house making themselves pesters and lesters and jesters and my traitors of kind and I'm just having thoughts of Marianne she could outrun the fastest slug she could Marianne quickest girl in the frying pan
