

Ana Metal For Charity Project, Ana

Roses raining on an empty shell
A shadow resembling you
We bow to receive your last farewell
I search for where your soul flew

Making the best out of what you had
Showed us always open doors
Being the mom as well as the dad
I wish for a heart like yours

Death surrounds me
I can feel it
Hope is fading
Please don't leave me

Ana, all is said - Rest your head
Ana, close your eyes - And hear my silent cries
