One More Night
ONE MORE NIGHT by Ana

Verse 1:
Baby it's strange how things go down
How every circle comes around
Nobody wins, everyone pays

Verse 2:
You and I standing here again
Thinkin' about what might have been
Ready to go our separate ways

CHORUS:
One more night
We could have been in love
Just one more night
We should have been in love
I guess we asked more than we ever gave
But I would give the world
Baby, if I could save
What we have for one more night

Verse 3:
Funny, I just can't get it clear
Where are we gonna go from here?
You without me, me without you

Verse 4:
Somehow I pray the days won't end
'Cause when the darkness comes again
I don't believe I'll make it through

CHORUS

Bridge:
If we could make it right
If I could turn back time for you and me
Baby, it wouldn't have to be

CHORUS
