

Anahata, Universe on Fire (Gloryhammer cover)

I wanna set the Universe on fire
Feel it burn tonight
Set the Universe on fire
There's no end in sight

Bring me to the holy raging power
Where I find my destiny
The Universe on fire
You're my guiding light

Carrying the breath of fire
Within the lungs of steel
Soaring to light the flame
Forged by Cosmic Ordeal

Ascending the mighty dragon with metal wings and claws
In a great battle foregone one thousand years ago

Now lead me to the stars
Atomic flame ignite my heart

I wanna set the Universe on fire
Feel it burn tonight
Set the Universe on fire
There's no end in sight

Bring me to the holy raging power
Where I find my destiny
The Universe on fire
You're my guiding light

Gliding across the Sun
To soak up all its might
Charging my solar gun
And prepare for epic fights

Questing through nebulas in search for crystal stone
That gives me the vital force to claim the stellar throne

It is time, take up your arms
NOVA Bombs and plasma guns

I wanna set the Universe on fire
Feel it burn tonight
Set the Universe on fire
There's no end in sight

Bring me to the holy raging power
Where I find my destiny
The Universe on fire
You're my guiding light

Set me on fire

I wanna set the Universe on fire
Feel it burn tonight
Set the Universe on fire
There's no end in sight

Bring me to the holy raging power
Where I find my destiny
The Universe on fire
You're my guiding light

You're my guiding light
You're my guiding light
