

# Anastacia, Lifeline

I feel the knife at my throat  
And it cuts and it burns  
Have you no mercy  
You laugh as I twist and I turn

Crushing the air in my chest  
Till there is no air to breathe  
Pray there's a way to escape  
But the joke is on me

Show me some hope  
Show me some light  
Cause I got nothing left in me tonight  
If I don't go  
If I say 'no'  
Is it the end?  
Somebody tell me  
'Have I just wasted a life time?'  
Show me some hope  
God it's so cold  
Throw me a lifeline  
It's so cold  
It's so cold  
Throw me a lifeline

All too familiar  
So why are we back here again?  
Tell me you know how it feels to be killing a friend  
Screaming in silence  
There's no way of saving myself  
If there's no redemption  
I'll see you in hell

Show me some hope  
Show me some light  
Cause I got nothing left in me tonight  
If I don't go  
If I say 'no'  
Is it the end?  
Somebody tell me  
'Have I just wasted a life time?'  
Show me some hope  
God it's so cold  
Throw me a lifeline  
It's so cold  
It's so cold  
Throw me a lifeline

Throw me a lifeline  
Now you gone and done

If I don't go  
If I say 'no'  
Is it the end?  
Somebody tell me  
'Have I just wasted a life time?'  
Show me some hope  
God it's so cold  
Throw me a lifeline  
It's so cold  
It's so cold  
Throw me a lifeline  
A lifeline /3x
