

# Anathema, The Lost Song - Part 3

Now that I found you  
Not gonna leave you  
World keeps on turning  
Spirit reflected  
My heart beats for you  
Outside my body

Tonight, in my mind's eye  
I need you to hold on

Promise the future  
Dreaming in colour  
Being together  
Spirit reflected  
Feeling is so real  
Beauty is endless

Tonight, in my mind's eye  
I need you to hold on

Found our guide  
Our souls in flight  
And time can heal  
Our scars concealed

'Cause love is what we are  
Our need, how far?  
Life will bring  
The truth in dream  
Our home  
Our home  
Our home  
Hold on!
