

Anathema, The Lost Song - Part 3

Now that I found you
Not gonna leave you
World keeps on turning
Spirit reflected
My heart beats for you
Outside my body

Tonight, in my mind's eye
I need you to hold on

Promise the future
Dreaming in colour
Being together
Spirit reflected
Feeling is so real
Beauty is endless

Tonight, in my mind's eye
I need you to hold on

Found our guide
Our souls in flight
And time can heal
Our scars concealed

'Cause love is what we are
Our need, how far?
Life will bring
The truth in dream
Our home
Our home
Our home
Hold on!
