## Anderson Bruford Wakeman Howe, Teakbois

(Anderson/Howe/Wakeman/Bruford) Jump out this next world Is gone overground That sky is ecstasy dancin' My child my woman My daughter my son Together planning to party Just wait for me Out in the street Teakbois in everywhere Dancing with you We're coming thru Somehow we'll all be there This time is surely Come once and for all We've waited so now We are ready Be quick be ready Be sure and be smart No need the energy wasted I've dreamed of music That comes from the heart As tho' the eagle has landed Just wait for me Out in the street Teakbois is everywhere Dancing with you We're coming thru Everyone will be there She smiles my mind Is just blown I can't stop No time is better than now I wake up everyday Before the sun is coming up Bobby Dread and the kool running The fish to catch The sea to swim They say I gotta life To live Bobby Dread and the kool running My music is my only witness To my very soul Bobby Dread and the kool running So when you need me All you have to do is help me Lose control Bobby Dread and the kool running They say the world's a stage So let me play for you and you and you Bobby Dread and the kool running It's all I ever in my life I really wanted To sing and do Bobby Dread and the kool running We form a group a simple name A secret harmony like Bobby Dread and the kool running We write our songs We symphonise Some people say they like us Bobby Dread and the kool running This summer you couldn't get it
