Anderson Ian, User-Friendly

Anderson Ian
Walk Into Light
User-Friendly
Do we inhabit some micro-space
and interface through wires.
Dance on a printed circuit board
throw the software to the fires.
My memory is slim -- so volatile
but I'm learning.
Plug yourself in. Stay for awhile
Un-discerning.

And on dusty terminals
finger me lightly do.
And QWERTY is the name of love
printed on the V.D.U.
Cut yourself free. We're all alone
communicating.
