

Anderson .Paak, JEWELZ

You know you kinda cute with the bald head
Got a little booty in the Balmain
You know how to move with them long legs
Bring you little crew we can all rage

The tesla rides smooth down the PCH
I think that i like it with the mekeup off
I know that she used to all the chheapskates
I just wanna ball, show off, show-off

I ain't even put my jewels on
I ain't even played my latest greatest song
I ain't even put my jewels on
Had to make a point
Cause the whole joint way too dull
Oh yeah
