Time To Say Goodbye (With You I'll Leave)

When I am alone

I dream of the horizon
and fail to find the words
since I know there is no light
in a place where there is no sun
if you are not here with me.

In the windows
on display to all is my heart
that you have ignited
you locked up within me
the light that
you have encountered on the way.

With you I'll leave
Countries I have never
seen and lived with you
now I will indeed live them.

With you I'll leave
on ships on the seas
that I know it
no, no, I exist no more
with you I will live them.

When you are far away
I dream of the horizon
and fail to find the words
and I, yes, I know
that you are with me
you my moon you are here with me
my sun you are here with me
with me with me.

With you I'll leave
Countries I have never
seen and lived with you
now I will indeed live them.

With you I'll leave
on ships on the seas
that, I know it
no, no, I exist no more
with you I will relive them.

With you I'll leave
on ships on the seas
that, I know it,
no, no, I exist no more,
with you I will relive them.

With you I'll leave
I with you.
