Faceless criticism

Fearless stupidity

Open mouth to say it loud

Nothing worth to be proud

The stage is set for another bloodbath

When you say something say you didn't say nothing

The industry, the mistery, democracy our misery

Can't you tell, can't you see? tecnology shows no mercy!

You think you're free, you know you're not free

You think you´re high, you know you´re not high

Can't you tell, can't you see? tecnology shows no mercy
