

Andrzej Piaseczny (Piasek), I not forget

City, bus, summer rain, heavy sky, cold in bed
Felt like lost my dream, it's not the best for me
Knowin' you, knowin' me, Lord we've been all we need
And the only fault comin' through our door
Was love
Prayin' for the time
Run away from your home
Run away from your shade
Run away, have a rest
But for now don't forget any easy morning, any single day
We won't fall everleas sharing any trouble
But not to shame
Yeah for now don't forget
Any single whisper, any beauty word
We won't fall everleas
Live and love together another day
And ever ain't forget
