

# Andy Gibb, I Go For You

(written by Andy Gibb)

Oh babe , I got it crazy  
We both been broken in sorrow  
We need to try for tomorrow  
Where our feelings start and I lose my heart to you

Oh lover , I've just discovered  
My life was falling around me  
I was lost when you found me  
And you turned my head and my fire was fed

I go for you  
You light up the darkest night  
You keep shining through when ev'rything's out of sight  
I go for you  
You light up the darkest night  
And you put all the life back in my eyes  
You're making me feel like I've never felt  
I never was one for a party, look at me now

(break) Oh babe , we must be crazy  
We could be living in heaven  
I'd take you there in a second  
Never been this far  
Gotta trust our hearts

I go for you  
You light up the darkest night  
You keep shining through when ev'rything's out of sight  
I go for you  
You light up the darkest night  
And you put all the life back in my eyes  
You're making me feel like I've never felt  
I never was one for a party , look at me now

I go for you  
You light up the darkest night  
You keep shining through when ev'rything's out of sight  
I go for you  
You light up the darkest night  
And you put all the life back in my eyes

I go for you  
You light up the darkest night  
I keep shining through when ev'rything's out of sight  
I go for you  
And you put the life back in my eyes

I go for you
