

Andy Griggs, Long Enough

You wanna know how long I can walk this straight line
Will I be strong when temptation is messing with my mind
I know when the devils talking, I know what he tries to do
I know when its time to start walkin, walkin myself right back to you
Now baby if you have to ask how long it will last

Chorus:

Long enough

Til the stars turn out the lights, till time runs out of time

Baby my love

Is truer than the simple truth, is deeper than a well of wishes, sweeter than a million kisses
yeah

is that long enough

Is that long enough

You wanna know how far I can go on this way
Ill give it all my heart, I can travel night and day
I know what your momma told you, I know what your daddy said
I know what your friends are thinkin but dont let it worry your pretty little head
Baby, dont you know by noe our love will be aorund

Chorus:

Long enough

Til the stars turn out the lights, till time runs out of time

Baby my love

Is truer than the simple truth, is deeper than a well of wishes, sweeter than a million kisses
yeah

is that long enough

Is that long enough

Baby if you have to ask how long it will last

Chorus 2:

Long enough

To see our childrens children, honey, if the good lords willing

Our love

Will stay truer than the simple truth is, deeper than a well of wishes, sweeter than a million kisses

Is that long enough

Is that long enough
